

Layout

Full-width desktop layout with a fixed authenticated navigation bar at the top, a multi-section main content area using a 4-column widget grid and a 2-column content split, a quick access strip, and a full desktop footer at the bottom.

UI Structure

Header (Fixed Top): Desktop Navigation Bar (Authenticated) — Logo (left), Nav Links: [Dashboard] [Account] (center), User Icon + Dropdown + [Logout Button] (right)

Main Content Area (below header, full width):

— Page Title Row: 'Dashboard' heading (left-aligned) + 'Last updated: [timestamp]' (right-aligned)

— Summary Widgets Row (4-column grid): [Total Users Widget] | [Active Sessions Widget] | [Pending Notifications Widget] | [Account Status Widget]

Each widget contains: Icon (top), Metric Label, Large Numeric Value, Trend Indicator (!/'" with percentage)

— Content Row (2-column split):

Left Column (60%): Recent Activity Feed — section heading + scrollable list of timestamped activity items with icons

Right Column (40%): Notifications Panel — section heading + list of notification cards (icon, message, time, [Dismiss] action)

— Quick Access Row: Horizontal card strip with shortcut tiles — [Feature 1] [Feature 2] [Feature 3] [Feature 4] each with icon + label + [Go !'] link

Footer (Fixed Bottom): Desktop Footer — Logo, 4-column link grid (Quick Links, Support, Legal, Connect), Bottom bar with copyright + Language Dropdown

Layout Spec

- Viewport: Desktop ("1280px)
- Header: Fixed, full-width, height ~64px — uses 'Desktop Navigation Bar (Authenticated)' exactly as defined in the Design System.
- Page Title Row: Full-width, padding 24px horizontal, flex row space-between.
- Summary Widgets Row: 4-column CSS grid, equal-width columns, gap 16px, padding 24px horizontal.
- Content Row: 2-column flex layout — Left (60%) for Activity Feed, Right (40%) for Notifications Panel; gap 24px, padding 24px horizontal.
- Quick Access Row: Horizontal flex strip, 4 equal-width tiles, gap 16px, padding 24px horizontal.
- Footer: Full-width, uses 'Desktop Footer' exactly as defined in the Design System — Logo, 4-column link grid (Quick Links, Support, Legal, Connect), bottom bar with copyright and Language Dropdown.
- Overall vertical scroll enabled; header and footer are structural anchors.

Styling Spec

- Typography: Page title H1 (24px bold), widget metric values H2 (32px bold), section headings H3 (18px semi-bold), body/list text 14px regular.
- Widget Cards: Rounded corners, subtle drop shadow, white background, icon in brand accent color, trend indicator in green (!') or red (!").
- Activity Feed: Alternating row backgrounds for readability, timestamps in muted gray, activity icons left-aligned.
- Notifications Panel: Card-style items with left border accent, [Dismiss] as a small text link (muted, right-aligned).
- Quick Access Tiles: Bordered cards, icon centered top, label below, [Go !'] link bottom-right, hover state with subtle elevation.
- Footer: Consistent with Design System Desktop Footer spec — muted background, 4-column grid, social icons, copyright bar.
- Spacing: 24px horizontal page padding, 16px internal card padding, 8px between list items.

Responsive Adaptation Notes

Desktop ("1280px): 4-column widget grid, 60/40 two-column content split, full desktop footer.

Large Tablet (1024–1279px): 4-column widget grid compresses to 2x2 grid; content row remains 60/40 split; footer remains full desktop version.
