

Layout

Centered single-column layout with a fixed top navigation bar and a fixed bottom footer. The main content is vertically and horizontally centered on the page, featuring a compact OTP verification card.

UI Structure

Header (Fixed Top): Web Navigation Bar — Desktop | [Logo] [Link: Home] [Link: About] [Link: Contact] [Button]

Main Content Area (Centered, Full-width below header):

- Page Title: 'OTP Verification' (H1, centered)
- Subtitle / Instruction Text: 'Enter the 6-digit OTP sent to your registered email address.' (centered, muted)
- OTP Verification Card (centered, max-width ~480px):
 - OTP Input Field(s): Single 6-digit input or 6 individual single-digit input boxes arranged horizontally
 - [Button: Verify OTP] — Primary CTA, full-width within card
 - [Link: Resend OTP] — Secondary action below the button, with optional countdown timer label (e.g., 'Resend in 00:30')
 - Helper text: 'Didn't receive the OTP? Check your spam folder or resend.'

Footer (Fixed Bottom): Web Footer — Desktop | [\[Link: Terms\]](#) [\[Link: Privacy\]](#) [\[Link: Contact\]](#) [\[Copyright & footer note\]](#) [\[Logo\]](#)

Layout Spec

- Header: Full-width fixed navigation bar at the top (height ~64px). Uses 'Web Navigation Bar - Desktop' exactly as defined.
- Main Content: Vertically centered in the remaining viewport height between header and footer. Contains a centered card (max-width: 480px, padding: 40px) with OTP inputs, primary CTA button, and resend link.
- OTP Input: 6 individual character input boxes (each ~48x56px) arranged in a single horizontal row, evenly spaced within the card.
- Verify Button: Full-width primary button below the OTP inputs.
- Resend OTP: Inline text link with optional countdown timer, centered below the verify button.
- Footer: Full-width fixed footer at the bottom. Uses 'Web Footer - Desktop' exactly as defined.

Styling Spec

- Typography: H1 page title (~28px, bold), subtitle (~14px, muted/secondary color), input labels (~12px), button text (~16px, semibold), link text (~14px, primary brand color).
- Card: White/surface background, subtle box-shadow, rounded corners (~8px border-radius).
- OTP Input Boxes: Bordered input fields, focus state with brand-color border highlight, monospace font, center-aligned digit.
- Verify Button: Primary brand color background, white text, full-width within card, hover/active states.
- Resend Link: Secondary/muted color, underline on hover; disabled state (greyed out) when countdown is active.
- Spacing: Consistent vertical rhythm (~16–24px gaps between elements inside the card).
- Background: Light neutral page background to contrast the white card.

(OTP Input Boxes — 6 digits)

Verify OTP

Didn't receive it?

[Link: Resend OTP] (00:30)

[Link: Terms] [Link: Privacy] [Link: Contact] [Copyright & footer note] [Logo]

Responsive Adaptation

- On screens below 1024px (tablet/laptop breakpoint), the card width adjusts fluidly (max-width: 90%).
- Navigation bar collapses to hamburger menu on tablet breakpoints as per the Web Navigation Bar — Mobile component.
- OTP input boxes scale down proportionally on smaller screens but maintain touch-friendly tap targets (min 44x44px).
- Footer links may wrap to two lines on narrower desktop viewports.
